Community Reviews for this School

Orcas is a school with great teachers in small and close-knit community. The school has many different and new courses that they offer. Students and staff are very friendly and make it a great environment. It is a small school, but that doesn't mean anything about the education that is offered here.

I found the student and teacher culture to be excellent and there are many incredibly dedicated teachers on staff.

For being located on a small island, Orcas Island High School was a brilliant place to spend my last years of school before college. The high school is small, so you get sufficient attention from your teachers. The small number of students also makes it for a very nice, friendly environment. The teachers are excellent, kind, and show great care and interest in the success of your future and wellness of your being.

Interesting environment, decent academics, and impressive for its size. Despite its drawbacks small size, tendencies towards mediocrity, potholes its teachers are often surprisingly good. If you're a fan of a close-knit community, this is the place ... except if you're not the type to want in on what the 10th grader sitting next to you at one of the two lunch tables thinks about his mother's boyfriend's dog. Orcas isn't a liberal white rich haven, either – none of the kids are as educated on anything as you'd think for such a liberal place, and the school isn't a paragon of academic quality. Though, community support and teachers though not all teachers make up for some of it.
